- **Miscellaneous Pets**
- **Special Pet Effects**
- **Activating Pet Effects**
- **Pet Storage**

Hello, welcome to my RuneRealm pet guide! My name is Daniel and in this guide I will explain which pets there are in game, how to obtain them, what special pet effects exist in the game and how to use them! So if you're ready to create an army of Pyrefiends, Brooms or even Vorki's, keep on reading! (Disclaimer: *Unlike the picture on top it is not actually possible to create an actual army of pets or have multiple pets shown at the same time.*)

In the Player Panel under the account management tab (next to log out tab), there is an option called Pet Storage, you can store your pets here as an alternative for your bank, or if you are an Ultimate Ironman and can't use bank at all.
In the first sections of the guide I will talk about all of the pets and how to obtain them. Some pets have special effects that can boost your character, I will discuss this in the last part of the guide.

Pro tip: *You can choose to sacrifice your pets at the Well of Goodwill at Home to reward all players with a temporary 1.5x EXP buff. All pets but Falcon provides 20 minutes of 1.5x EXP, Falcon provides 10 minutes of 1.5x EXP. This is a great way to get rid of your duplicate pets!*

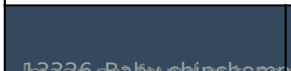

Skilling Pets

In this section we will talk about all the skilling pets there are in game. Some skills have multiple pets, they can either be obtained anywhere, and special pets can be obtained from donator zones. All skilling pets provide a +20% exp bonus to their respective skill, once activated.

Note: that skilling pet effects, Pet Skiller, and Master Alex cannot be activated simultaneously as they share overlapping abilities (skill exp boost).

Pet		Source	Details	Drop Rate
20659_Giant squirrel.png	**Giant Squirrel**	**Agility**	Performing any action that provides Agility experience	See Details

	Tree Spirit	Woodcutting	Performing any action that provides Woodcutting experience in any Donator Zone	See Details

Drop Rate chance of pets are based off the OSRS Base experience rates and not the RuneRealm game mode experience rates. The formula to calculate your chance for a skilling pet drop is: *[Base EXP (*1.1 with Fidelity Prestige Perk) / 1M] or [Base EXP / 1M] without Fidelity Prestige Perk.*

Boss/PVM/Superior Slayer/Raids Pets

The Drop Rates are based off of a 0% modifier, the chance of receiving any of these pets will be much easier to get the higher your DR % is.

Special Pet Effects

To see how to activate pet effects see the Activating Pet Effects section below.

- Non-Donators - Super Donators can have 1 pet effect active.
- Extreme Donators - Super Sponsor Donators can have 2 pet effects on at the same time.
- Elite Sponsors can have 3 pet effects on at the same time.

Note: All skilling pets provide a 20% experience boost to their respective skill. You can not stack skilling pets with any other experience boosting pet.

Pets	Special Effects
Master Alex	Combines the effects of the Pet Alex, Skiller, and Genie
Pet Alex	Soul Split Effect: Every attack has a chance to heal back 25% of the damage you've done
Pet Skiller	Gives a 25% EXP boost in all skills
Pet Genie	Provides an additional 2.5% DR Boost

Pets	Special Effects
Pet Banker	Provides mobile banking access when following you or by selecting the effect in the Player Panel, there are certain places where it does not work like certain bosses, minigames, and the wilderness Can be used to note and un-note items while the effect is toggled or the pet is following you *(Only accessible for Extreme Donators+ or non-donators by using a Corrupt Banker Scroll to teleport to boss room)*
Pet Sorceress	Automatically picks up items and adds them to looting bag/inventory dependent on what is toggled in the Sorceress Pet Menu located in the Player Panel *Selections Available: (Add to looting bag, Always, Common, Uncommon, Rare, and Rare Drop Table Drops)* **Only accessible for Donator Rank - $10 or 100 Vote Tickets in Vote Shop to obtain rank**
Pet Corrupt Ethereal	Provides 2.5% increased drop rate in the wilderness and 15% magic damage anywhere
Pet Agrith-Na-Na	Increases ranged accuracy by 10%
Pet Flambeed	Increases defensive stats by 10%
Pet Karamel	Increases magic accuracy by 10%
Pet Dessourt	Increases melee accuracy by 10%
Pet Culinaromancer	Provides all of the bonuses of Pet Agrith-Na-Na, Flambeed, Karamel, and Dessourt *(Cannot be used at same time with these pets)*

Activating Pet Effects

To activate pet effects, navigate to the Player Panel > Pet Effects

Screenshot 2024-10-09 075049.png
Image not found or type unknown

Pet effects are active as long as the player has a pet out that's following them. A player may activate any pet effect assuming they have the effect unlocked and there is an active pet following (e.g. A player that currently has a skiller pet out can choose to activate another pet effect instead).

To unlock a specific pet effect, the player must first obtain the pet and drop it. This will unlock that effect permanently regardless of whether the player still has the pet.

Note: Some combinations of pet effects like the (Master Alex and Pet Alex, Skiller, and Genie) or the (Master Alex/Skiller and other skilling pets) effects may not be activated simultaneously to

avoid stacking overlapping effects.

Pet Storage

The pet storage is a storage area where players can store the pets they obtain. To access the pet storage, navigate to the Player Panel > Pet Storage. Multiple pets may be stored in each slot. If a player obtains a pet while their inventory is full and they have an active pet out, the obtained pet will automatically go to the pet storage area.
