99 Thieving Guide

Basic and Background Information

Thieving is almost always the way people start their RSPS journeys. It's a solid money-maker to get your beginner gear. It's an incredibly straight-forward skill - though it's click intensive. In this guide you will learn how to get 99 Thieving on RuneRealm.

[home-thieving.png](#) image not found or type unknown

Where to start Thieving

[location.png](#) image not found or type unknown

To start thieving, you will need to either use ::home or click the home teleport in your spellbook. It is the spell that has a big "H" in the circle - usually your first spell in the whole book. From there, follow the above image to where you will be doing your Thieving to 99.

What to do and when

[levels.png](#) image not found or type unknown

The above image shows what you will be thieving, and when. Later in the guide will be an alternative method for donators. Thieving is completely straightforward. Here's what you'll be done:

From 1-25 Thieving, you'll be doing the Food Stalls. These sell for 1,000 GP each.

From 25-50 Thieving, you'll be doing the General Stalls. These sell for 2,000 GP each.

From 50-75 Thieving, you'll be doing the Jewelry Stalls. These sell for 3,000 GP each.

From 75-85 Thieving, you'll be doing the Runes Stalls. These sell for 4,000 GP each.

From 85-99 Thieving, you'll be doing the Scimitars Stalls. These sell for 5,000 GP each.

Every 28 thieves, your inventory will be filled with the items you've stolen. When it is, you should trade the Merchant who is shown in the picture above. He will buy all the items from you for the prices listed above. I won't be listing the amount of thieves needed or the amount of time it will take as Extreme accounts have different XP rates and double exp can change the rates. Adding on to that, x2 Exp Books can speed it up as well, so there's a lot of different ways to speed up.

As you level up your Thieving, you will have a chance to obtain the Thieving pet. If you're lucky enough to obtain it, you'll receive an extra 10% Experience boost while you have the pet out. However, there are *two* types of pets - non-donator Thieving Pets and donator thieving pets.

Donator Thieving

[dzthieving.png](#)
Image not found or type unknown

If you've donated at least \$10 to the server, you'll have access to the Donator Zone where a new stall is available. This one is a Gem Stall. It requires 90 Thieving and has the benefit of a 20% experience boost while skilling inside of the donator zone *and* gives straight GP from the stall. If you're a donator, I would recommend doing this to 99 over Scimitar Stalls (once you're 90 of course.)

Congrats! You've Leveled Your Thieving to 99!

[OSRS-Thieving-Cape.png](#)
Image not found or type unknown

Congratulations on 99 thieving. You can now go home once again and talk to the Wise Old Man who is to the west, next to the Genie and Twiggy O'Korn to buy the cape for a whopping 99,000 GP. Good luck on your next set of tasks!

99 Hunter Guide

1-99 Hunter!

Step 1: Trade "Skilling Shop" at ::Shops

[Screenshot 8.png](#)

Step 2: Buy the Butterfly net and Impling Jars

[Screenshot 7.png](#)

Step 3: Go to Mage Book and Press skilling teleport, scroll down and press Hunter!

[Screenshot 10.png](#) [Screenshot 3.png](#)

In the shop you can buy various items. The clothes give extra XP. Meanwhile the Gloves, capes and net gives better catchrate. You get the Puro Puro Points by catching implings.

I suggest buying the Clothes due to catch rate being high already.

[Screenshot 2.png](#) [Screenshot 4.png](#)

Step 4: Start catching Implings until 99.

Level requirements (*Note: These are the lvl requirements if you catch implings with a net. If you want to catch them barehanded, you need 10 lvls higher than the initial requirement. To catch Lucky implings barehanded, you need 99 hunter*):

Baby impling: 1 hunter

Young impling: 22 hunter

Gourmet impling: 28 hunter

Earth impling: 36 hunter

Essence impling: 42 hunter

Eclectic impling: 50 hunter

Nature impling: 58 hunter

Magpie impling 65 hunter

Ninja impling: 74 hunter

Dragon impling: 83 hunter

Lucky impling: 90 hunter

Quick Tip: You can use the menu entry swapper to turn off the "catch" option for lower level implings.

1) Start by going to the client settings and enable menu entry swapepr

Menu_Entry_Swapper.png

2) Shift right click the impling you want to disable catch for. Select "Swap left click 'Walk Here' ". This will swap the "walk here" option with "catch" so that left clicking on the impling will disable catching it.

Impling_Swap.png

It's recommended that you sell The Impling to General store for maximum Profit. You can however get items such as Magic seeds and Dragon Halberd from lucky implings

Screenshot-12.png

You can also catch implings at home for 10% extra XP, however, there less of them and they spawn more spread out. The Donator zone gives 20% XP boost and only has Dragon and Lucky implings, making it a very good place to make money. There are also two designated hunter areas at the Super sponsor zone. The zone gives a 50% XP boost, and the hunter areas are much more compact, making it the most efficient place to train hunter. One are has all implings but Dragon and Lucky impling, the other area only has Dragon and Lucky implings, making it one of the best money maker spots in the game.

Hunter_cape_equipped.webp

Congratulations! You're now 99 Hunter!

99 Farming Guide

image-1592157208033.png

image-1604182964087.png

Why should I skill farming?

Farming is a really useful Skill, which helps you to get your Potions that you **cant** buy from “Food & Potion shop” at ::home, such as Super Combat Potions, Anti-venom or Overload. Further it is a cheaper method to get your Prayer Potions, Restore Potions, Saradomins Brews etc..

Basics

First of all you click on the “Book” Sign on your interface at the right side on your Launcher and then on “Skilling Teleports -> Farming”

image-1592157619847.jpg

This will Teleport you to the Farming Area:

image-1592157712206.png

You can get your Equipment from the Farming & Herb shop: You need 1x Watering Can, 1x Spade, 1x Seed Dibber, Plant cures, Compost and your seeds! (Starting off with Guam Seeds)

Special information for Ironmen:

Since the Farming store is capped so Ironmen cant buy seeds, they have to know the alternatives:

1. Master Farmer:

Pickpocketing the Master farmer will give you a bit of every seeds. You'll receive mostly low lvl seeds but also useful seeds such as ranarr seeds. You can also get the high lvl seeds such as snapdragon, lantadyme, and torstol but theyre pretty rare.

2. Dragon implings:

Besides alot of supplies for fletching such as dragon dart tips and arrow tips, dragon bones and dragonstone, they also drop snapdragon seeds.

3. Cave Horrors/Kurasks/Aberrant Spectres/Nechryaels:

Slayers Monsters are also are a good alternative to farm seeds. They drop higher tier seeds such as lantadyme, cantadine and torstol pretty frequently depending on your droprate.

image1592157893427.jpg

After that you are ready to go!

Editors note: This guide is based around farming herb patches, as at the time of creation of this guide, the only way to train farming was herblore farming. Late 2020, tree and fruit tree farming was added. While these take a lot longer to grow, they give a lot more XP, making them one of the best training methods in the game.

Tree farming

Level	Seed	Growth time	Experience			
			Plant	compost	Check-health	Total
15	Acorn.png Acorn	or type unknown	700	500	23.350	24.550
30	Willow seed.png Willow	or type unknown	1250	500	72.850	74.600
45	Maple seed.png Maple	or type unknown	2250	500	170.150	172.900
60	Yew seed.png Yew	or type unknown	4050	500	353.500	358.050
75	Magic seed.png Magic	or type unknown	7300	500	688.400	696.200

Fruit tree farming

Level	Seed	Growth time	Experience			
			Plant	compost	Check-health	Total
27	 Apple tree seed Apple	type unknown	1110	500	60.000	61.610
33	 Banana tree seed Banana	type unknown	1400	500	87.550	89.450
39	 Orange tree seed Orange	type unknown	1800	500	123.500	125.800
42	 Curry tree seed Curry	type unknown	2000	500	145.350	147.850
51	 Pineapple seed Pineapple	type unknown	2850	500	230.300	233.650
57	 Papaya tree seed Papaya	type unknown	3600	500	307.300	311.400
68	 Palm tree seed Palm tree	type unknown	5550	500	507.500	513.550

Farming runs!

This is my Farm run Setup:

[image-1592158007198.png](#)

I run this Setup: because I used to farm for Torstols and bank them.

BUT!: If you only need the XP you can fill your Inventory with Compost and plant cure so the Herbs just dropping to the ground.

So what you do is:

1. **Use the Compost on the Patch**
2. **Use the Seed on the Patch**
3. **Use the Watering can on the Patch (be careful that there is Water in it, otherwise the plant will not grow.)**
4. **Repeat**

Herb seeds Farming LVL Requirements:

Guam LVL 1
Marrentill LVL 10
Tarromin LVL 19
Harralander LVL 26
Ranarr LVL 32
Toadflax LVL 38
Irit LVL 44
Avantoe LVL 50
Kwuarm LVL 56
Snapdragon LVL 62
Cadantine LVL 67
Lantadyme LVL 73
Dwarf Weed LVL 79
Torstol LVL 85

Sometimes it happens that the Herb gets diseased during the growth period. If that happens you have to click on it, while you have a **Plant cure** in your inventory.

Careful!:

If you wait for too long, the Herb dies and you lose your xp..

Maximize your efficiency during farming (for example best XP and helpful tools)

Skilling pet/s:

Theres a fancy pet you can get while farming.

The **Tangleroot** isn't just a cosmetic, it also slightly boosts your farming xp.

Adding other Skills into your Farming runs:

Since Farming takes time, you can add other Skills into it, such as...

Firemaking: Add a Tinderbox to your Farming Setup and use the empty Spaces in your inventory for the logs.

Same with fletching but only change the tinderbox to a knife.

etc...

Skill points shop:

Skill points shop: If you have enough Skillpoints you can buy helpful item from the Skillpoints shop at the eastern side of ::home.

image1592158465019.png

image1592158482961.png

image1604246225443.png

Pet Skiller:

grants 25% bonus xp overall (buy for 1.5m Skillpoints)

Gricoller's Can:

grants unlimited water (buy for 50k Skillpoints)

Bottomless compost bug:

grants unlimited compost (buy for 150k Skillpoints)

Farming caskets provides you with all sorts of Farming-based stuff (seeds,tools etc.).

If your lucky, you can also get Farmer's pieces out of it. **The Farmer's set gives a small XP bonus whilst Farming**

Supercompost and Ultracompost will increase the yield of crops and reduce the chances of disease occurring in the regular farming patches.

Farmer's set:

image1604246388373.png

Best XP per hour:

If you searching for most xp **Dwarf weed seeds** it is.

To comparison (I've took Extreme mode as example):

Dwarf weed: per patch 45-49k XP / Growtime 4-5 Minutes per patch

Torstol: per patch 30-40k XP / Growtime 6-8 Minutes per patch

Super Donator:

Using the Super Donator zone (::sdz) allowing you to use a **disease-free farming patch**

Super Sponsor:

Using the Super Sponsor zone (::sspz) allowing you to use up to 3 **disease-free farming patches**

Abilities & Accomplishment Skillcapes

Arrived at home go westbound and you will find 2 NPC's called **The wise old man & Patchy.**

Starting off with **The wise old man:**

Due to the new Skillcape Perks update, the skillcapes now have perks which helps you with the skill

untrimmed farming skillcape: grants 10% increased harvest

trimmed farming skillcape: grants 20% increased harvest

mastery farming skillcape: grants free ultracompost and no tools requirements

Patchy:

Patchy takes care of the **Prestige abilities.**

You can earn prestige points by prestiging skills (1 point for normal player, 3 points for extreme mode players - per skill)

The one important for us is the...

...**Dr Greenthumb ability:** This ability makes that all your crops are immune to disease and have an increased harvest.

...**Pioneer ability:** On this one skilling requirements are lowered by 10 levels

Hope this guide was helpful!

IGN: Green

99 Woodcutting Guide

image-1604183208449.jpg

image-1604183233547.png

Why should i skill woodcutting?

Woodcutting is one of the Semi-AFK, Basic Skills. So theres not much to explain. You still have to go through it if you want the Max Cape some day. The good thing is you can use the logs to train fletching or firemaking. Basically you do is, Chop.. Chop.. and Chop..

Basics

Starting up at home you go eastbound, where the NPC shops are, which provide all kind of stuff which you need ingame. There you search for the "Skilling Shop" (5th NPC) In the Shop you can buy the hatchet from bronze to rune. I prefer you to buy all of them at once so you dont have to run there again.

image-1604184309001.png

image-1604184324050.png

image-1604184562221.png

These are the lvl requirements for the hatchets:

Iron lvl 1

Mithril lvl 21

Adamant lvl 31

Rune lvl 41

Time to chop!

Various tree varieties may be found north of the home area. Note that the home area provides a **10% xp boost** to all skills.

[image-1604185538588.jpg](#)

[image-1604185602190.jpg](#)

B: Bank

1: regular treee (lvl 1)

2: oak tree (lvl 15)

3: willow tree (lvl 30)

4: maple tree (lvl 45)

5: yew tree (lvl 60)

6: magic tree (lvl 75)

...chop...bank...chop...bank...

Prestige Guild:

Once accessible, the prestige guild also offers four magic tree spots.

To access the prestige guild, you must have either unlocked the prestiger rank or have at least one skill with prestige 10 (with p10 cape tele). The prestige guild provides a bonus **20% XP boost** to all skills trained within this area, similar to that of the donator zone.

[pg_trees.PNG](#)

Maximize your efficiency during woodcutting (for example best XP and helpful tools)

There are a few way how you can boost the efficiency of woodcutting.

Skilling pet/s:

You have the chance to find skilling pets while chopping trees.

You can find the Beaver while chopping trees everywhere. This pet will slightly boost your woodcutting XP while following you.

image1604877884628.jpg

This fancy Tree Spirit is only obtainable whilst chopping trees on the donator zone or above. Therefore it'll grant you a even higher XP boost than the beaver.

image1604878064816.png

Donator-Ranks:

Donator Rank (10\$)

Access to the ::dz (Donator Zone)

This place provides **magic and yew tree** which will never chop down to a stump and a nearby bank.

Furthermore, you receive **20% XP boost** on everything in this area.

image1604235411790.png

Super Donator Rank (50\$)

Access to the ::sdz (Super Donator Zone)

This place provides **a regular tree, willow tree, maple tree, yew tree, magic tree, and redwood tree with nearby bank.**

All of them are infinite like the one in the Donator Zone, meaning they wont be chopped down to a stump.

Additionally you'll receive **30% XP boost** on everything in this area.

image1622041935825.png

Super Sponsor Rank (500\$)

Access to the ::sspz (Super Sponsor Zone)

This are provides a **regular tree, oak tree, willow tree, maple tree, yew tree, magic tree, and redwood tree with a nearby banker.**

All of them are infinite like the other donator zones, meaning they wont be chopped down to a stump.

Additionally you'll receive **50% XP boost** on everything in this area.

image1622041710645.png

Tools/Skilling points shop:

Besides rune hatchet there a better tools which can help you to chop faster.

These you can buy at the **Skilling points shop**, eastern of home.

image1604239713306.png

image1604242220048.jpg

Note: if you combine **the smouldering stone** (1) with any of the tools, they become "infernal" which grants you a chance to burn the log you are chopping. The infernal variants (i.e. Infernal Dragon Axe and Infernal 3rd Age axe) have a faster chopping rate than their normal variants.

In terms of speed from fastest to slowest, the order is Infernal 3rd Age > 3rd Age Axe > Infernal Dragon Axe > Dragon Axe

2: **The dragon axe and infernal dragon axe** requires a wc lvl of 61 to use and are the 4th and 3rd best axes in game, respectively

You can buy it from online players, get it as a drop from Dagannoth Kings, or buy it at the skilling points shop for 150k skilling points (+100k points for the smouldering stone).

3: **The 3rd age axe and Infernal 3rd age axe** are the second best and best axes, respectively, in the tool slot for Woodcutting, and are usually quite expensive but worth the cost.

You can buy it from online players, get it from hard clues/elite clues if you're lucky or buy it from the skilling points shop for 1.5m skilling points (+100k points for the smouldering stone).

4: **Woodcutting caskets** provides you with all sorts of woodcutting based stuff (logs, hatchets etc.).

If your lucky, you can also get Lumberjack pieces out of it. **The Lumberjack set gives a small XP bonus whilst Woodcutting.** The full lumberjack set provides at 10% exp boost.

Quick info for Skilling sets:

All hats, bodies, and legs, give 2% XP boost

if you have gloves and boots, both will give 1% XP boost each

if you only have one of them, the one you have will give you 2% XP boost (so basically reach 8% with one set part off)

if you have the full set you will receive additional 2% XP boost on top, means for a full skilling set you receive

8% + 2 % = 10% XP boost

Lumberjack set:

image1604243649969.png

Abilities & Accomplishment Skillcapes

Arrived at home go westbound and you will find 2 NPC's called **The wise old man** & **Patchy**.

Starting off with **The wise old man**:

Due to the new Skillcape Perks update, the skillcapes now have perks which helps you with the skill

untrimmed woodcutting skillcape: grants 10% chance to chop 2 at once

trimmed woodcutting skillcape: 10% higher chance for infernal effect

mastery woodcutting skillcape: 25% chance to chop a noted log

Patchy:

Patchy takes care of the **Prestige abilities**.

You can earn prestige points by prestiging skills (1 point for normal player, 3 points for extreme mode players - per skill)

The one important for us is the...

...Resourceful ability: This one gives us the chance to obtain double resources.

...Pioneer ability: On this one skilling requirements are lowered by 10 levels

image 1604244267840.png

Hope this guide was helpful!

image 1604240720688.png

Feel free to pm me for any questions.

IGN: XI Green

99 Fishing Guide

image1604846710363.jpg

image1604846699214.png

Why should i skill fishing?

There are a few ways to get highest tier food such as rogues chests, or larran's keys. Still, these ways are pretty risky to do. To skill fishing is basically the safer method to obtain high tier food such as, anglerfishs, manta rays, dark crabs which are all necessary for doing bosses. For Ironmen or even HCIM this skill is even more important since the "Food and Potions shop", eastern of home is capped when playing on Ironman-mode. Means for Ironmen you are only able to buy food up to Sharks.

Basics

Starting at home, head north, pass the well of goodwill, until you arrive to the fishing place. This place has nearly everything you need to start fishing (exerpt the angler set). There is a nearby bank and the fishing shop. This shop has basically every necessary tool you'll need for you fishing journey.

image1604873905450.png

image1604873964560.png

image1604874179790.png

Start fishing

Starting off from the **most right fishing spot you skill your way to the most left fishing spot.**

You have to click on the fishing spot, with the right tool and you'll start to fish. After your inventory

get full, you can bank it in the nearby chest and repeat the process.

Quick note: You can also use the fishes on the bank so they will be noted in your inventory, which makes things a lot easier especially for UIM.

- 1: Start
- 2: Bank
- 3: Fishing shop

image1604875307935.jpg

These are the lvl requirements and the required tool, for each fishing spot, from **right to left**:

- shrimps and anchovies (lvl 1 and 15) (using small net)
- sardine, herring, pike, slimy eel, cave eel (lvl 5, 10, 25, 28, 38) (using fishing rod with fishing bait)
- mackerel, cod, bass (lvl 16, 23 and 46) (using big fishing net)
- trout, salmon (lvl 20 and 30) (using fly fishing rod with feathers)
- tuna, swordfish (lvl 35 and 50) (using harpoon)
- lobster (lvl 40) (using lobster pot)
- monkfish (lvl 62) (using small fishing net)
- karambwan (lvl 65) (using karambwan vessel and karambwanji)
- karambwan (lvl 65) (using karambwan vessel and karambwanji)
- shark (lvl 76) (using harpoon)
- manta ray (lvl 81) (using harpoon)

Prestige Guild:

Once accessible, the prestige guild also offers a single Anglerfish spot. Anglerfish requires level 82 fishing, along with a fishing rod and sandworms for bait.

To access the prestige guild, you must have either unlocked the prestiger rank or have at least one skill with prestige 10 (with p10 cape tele). The prestige guild provides a bonus **20% XP boost** to all skills trained within this area, similar to that of the donator zone.

pg_anglerfish.png

Maximize your efficiency during fishing (donator ranks, helpful tools etc.)

Skilling pet/s:

All Skilling pets serve you with a XP boost of 20% in the skill in which you found them.

You can find the Heron pet while fishing basically everywhere.

image-1604878567104.png

The pet Shark is only obtainable whilest fishing sharks:

image-1604878608765.png

The Goldfish pet is a **Donator zone and above only**. Means you only can obtain it while fishing in the donator zone or above.

image-1604878709309.png

Donator-Ranks:

Donator Rank (10\$)

Access to the ::dz (Donator Zone)

This place provides **4 different fishing spots**.

Furthermore you receive **20% XP boost** on everything in this area.

0: Bank

1: Monkfish (lvl 62) (small fishing net)

2: Lobster (lvl 40) (lobster pot)

3: Shark (lvl 76) (harpoon)

4: Dark crab (lvl 85) (lobster pot and dark fishing bait)

image-1604879388520.jpg

Super Donator Rank (50\$)

Access to the ::sdz (Super Donator Zone)

This place provides **5 different fishing spots.**

Furthermore you receive **30% XP boost** on everything in this area.

0: Bank

1: anglerfish (lvl 82) (fishing rod and sandworms)

2: anglerfish (lvl 82) (fishing rod and sandworms)

3: karambwan (lvl 65) (karambwan vessel and karambwanji)

4: manta ray (lvl 81) (harpoon)

5: tuna and swordfish (lvl 35 and 50) (harpoon)

image1604880171082.jpg

Super Sponsor Rank (500\$)

Access to the **::sspz (Super Sponsor Zone)**

This place provides **12 different fishing spots.**

Furthermore you receive **50% XP boost** on everything in this area.

1: Shrimp (lvl 1) and anchovies (lvl 15) - Small Fishing Net

2: Cave eel, sardines, pike, and lava eels - Fishing rod and bait

3: Bass, cod, mackarels, and Oysters - Big Fishing Net

4: Trout and salmon - Fly fishing rod and feathers

5: Swordfish and tuna - Harpoon

6: Lobsters - Lobster Pot

7: Monkfish - Small fishing net

8: Karambwan - Karambwan vessel and raw karambwanji

9: Sharks - Harpoon

10: Manta rays - Harpoon

11: Anglerfish - Fishing rod and sandworms

12: Dark crab - Lobster pot and dark fishing bait

image1622042298157.png

Tools/Skilling points shop:

When it comes to tools, there is only one better option to use. **The dragon harpoon.**

image1604880869923.png

There are also a few thing to buy from the **Skilling points shop**, which will help you to boost your efficiency to a maximum:

image1604881227781.png

image1604881319923.jpg

1: You can attach the **smouldering stone** on the dragon harpoon to create a **infernal harpoon** which provides the chance to cook a fish instantly while fishing.

2: **the fishing casket** has alot of fishing supplies but mainly its helpful because you can find the **angler set** out of it.

While wearing the angler set you will receive additional XP during fishing.

Quick info for Skilling sets:

All hats, bodies, and legs, give 2% XP boost

if you have gloves and boots, both will give 1% XP boost each

if you only have one of them, the one you have will give you 2% XP boost (so basically reach 8% with one set part off)

if you have the full set you will receive additional 2% XP boost on top, means for a full skilling set you receive

8% + 2 % = 10% XP boost

Angler set:

image1604881559903.png

Abilities & Accomplishment Skillcapes

Arrived at home go westbound and you will find 2 NPC's called **The wise old man** & **Patchy**.

Starting off with **The wise old man**:

Due to the new Skillcape Perks update, the skillcapes now have perks which helps you with the skill

untrimmed fishing skillcape: 10% chance to catch 2 at once

trimmed fishing skillcape: 10% higher chance for infernal effect

mastery fishing skillcape: 25% chance to catch a noted fish

Patchy:

Patchy takes care of the **Prestige abilities**.

You can earn prestige points by prestiging skills (1 point for normal player, 3 points for extreme mode players - per skill)

The one important for us is the...

...Resourceful ability: This one gives us the chance to obtain double resources.

...Pioneer ability: On this one skilling requirements are lowered by 10 levels

image1604881831208.png

Hope this guide was helpful!

IGN: XI Green

Herblore guide

In this guide i will tell you how to train herblore, what the fastest and most efficient ways are to lvl up to 99 and eventually prestige the skill. Herblore is the art of cleaning herbs and making potions out of them. The higher your lvl, the stronger the potions are you can make. Herbs drop from a lot of monsters, usually the higher the lvl, the higher the lvl requirement herbs they will drop, and/or the quantities of the herb. You can use the drop table guide to search for what monsters drop which specific herb. Note that Sinister keys can be used on the crystal chest at home, which give a lot of herbs. The skill point shop at home also sells herb boxes, which contain a lot of herbs. These 2 are a good way to start out your herblore training.

To make a potion you will need 3 items. A clean herb, a vial filled with water, and a secondary item. The secondary item you need is tight specific to this herb/potion.

In osrs you need to complete a quest, which brings you to lvl 3 herblore, a requirement to make your first potion. We do not have this quest and the first potion can be made at lvl 1 instead of lvl 3 herblore.

Below shows a table which potions you can make at which lvl, and what items you require. You'll see that the higher you lvl, the better potions you can make. The easiest way to train herblore is to start after you've collected some herbs, make only a few low lvl potions and move on to the next one, since the xp drops are so big, sometimes you only need to make a few potions before you can move to the next one. A very efficient way to make the same potion at a higher lvl is to make a bank preset with all of the items you need for a full inventory of options and put it under the quick load button, so you can one click refresh your inventory.

Mysterious herbs are customly added. They are required to make overloads, which are at the bottom of the table. Mysterious herbs are sold by the boss points shop, but also drop from a few high lvl PVM activities.

Lvl	Potion	XP	Herb	Secondary ingredient
Notes				

3	Attack pot	Attack	type1	100	known	Vial of water	Vial of water	Guano leaf	Guano leaf	Eyes of newt	Eyes of newt	Temporarily raises Attack level by 10% + 3.

Crafting guide

Introduction

In this guide i will tell you how to train crafting, what the fastest and most efficient ways are to lvl up to 99 and eventually prestige the skill. Crafting is a wide variety skill that ranges from creating armor from leather, to making jewellery. While there are a lot of ways to train crafting on OSRS, as of currently we only offer limited, but possibly the best training methods. I will take you through each of these methods and will show you a possible route of what is the most efficient way to lvl up crafting. When this guide was written, the only ways to train crafting is leathercrafting, cutting gems and crafting gold jewellery. Silver jewellery crafting will be added at a later stage.

Leathercrafting

Crafting leather armor is the way to start training crafting at lvl 1. There are different types of leathers, black dragon leather being the highest, which can be utilised to train to 99 crafting. You can start out training crafting by obtaining cowhide. Cowhide is dropped by cows. You can bring cowhides to a tanner who can make it into soft leather. At a later stage, you can get your cowhides turned into hard leather, for training at a higher lvl. At even a higher lvl you can get dragonhides from coloured dragons, ranging respectively from lowest to highest requirement, green, blue, red or black dragonhides. The tanner can turn these into dragon leather, which can be used to make dragonhide armour. To craft any leather armor you need a needle and thread, which can be bought from the skilling shop at home. Crafting a leather item always uses 1 thread.

[image 1624388620483.png](#)

Soft leather

Soft leather can be used to make basic leather ranging equipment. You can start training crafting at lvl 1 by creating leather cowls. Higher lvl items yield higher xp, but possibly use more leather. The tendency of using more leather to craft an item almost always results in a higher XP/h. Creating any item with soft leather requires 1 piece of leather.

Note: In game, soft leather is named leather, but since the next tier is called hard leather, normal leather is usually mentioned as soft leather, although you will never see an item named soft leather, only the tanner mentions it as soft leather.

Crafting level	Item	XP
1	Leather cowl.png	950
11	Leather armbraces.png	1100
14	Leather body.png	1250
18	Leather chaps.png	1350

Hard leather

Hard leather can be used to craft hard leather ranged equipment. You can start making hard leather items at lvl 28 crafting. Higher lvl items yield higher XP. Creating a Hard leather shield uses 2 pieces of hard leather, the other items only use 1 piece of leather.

Crafting level	Item	Experience
28	Hard leather body.png	1750
38	Coif.png	1850
41	Hard leather shield.png	3500

Green dragon leather

Green dragon leather is used to craft green d'hide equipment. You can start crafting green d'hide equipment at lvl 57 crafting. Creating vambraces uses 1 piece of dragon leather, chaps and shield uses 2 and body uses 3.

Crafting level	Item	Experience
57	Green d'hide vambraces.png	3100
60	Green d'hide chaps.png	6200
62	Green d'hide shield.png	6200
63	Green d'hide body.png	9300

Blue dragon leather

Blue dragon leather is used to craft blue d'hide equipment. You can start crafting blue d'hide equipment at 66 crafting. Creating vambraces uses 1 piece of dragon leather, chaps and shield uses 2 and body uses 3.

Crafting level	Item	Experience
66	Blue d'hide vambraces.png	3500
68	Blue d'hide chaps.png	7000
69	Blue d'hide shield.png	7000
71	Blue d'hide body.png	10.500

Red dragon leather

Red dragon leather is used to craft red d'hide equipment. You can start crafting red d'hide equipment at 73 crafting. Creating vambraces uses 1 piece of dragon leather, chaps and shield

uses 2 and body uses 3.

Crafting level	Item	Experience
73	Red d'hide vambraces.png	3900
75	Red d'hide chaps.png	7800
76	Red d'hide shield.png	7800
77	Red d'hide body.png	11.700

Black dragon leather

Black dragon leather is used to craft black d'hide equipment and is the highest craft able (dragon)leather. You can start crafting black d'hide equipment at 79 crafting. Creating vambraces uses 1 piece of dragon leather, chaps and shield uses 2 and body uses 3.

Crafting level	Item	Experience
79	Black d'hide vambraces.png	4300
82	Black d'hide chaps.png	8600
83	Black d'hide shield.png	8600
84	Black d'hide body.png	12.900

Jewellery crafting

Crafting jewellery is an alternative way to train crafting. You can make gold jewellery with gems and gold bars. Silver jewellery crafting will be added at a later stage. Jewellery crafting can be divided in two ways: cutting uncut jewels and crafting actual jewel. You can start training crafting through cutting uncut opals at lvl 1. Opals, Jades and Red topaz are used for silver jewellery and can currently not be crafted into jewellery. You can however cut their uncut variants to cut jewels for early crafting training. To cut a gem you need a chisel and an uncut gem. To make a piece of jewellery, you need a gold bar, a cut gem and a mould for that specific piece. You can buy ring, necklace, amulet and bracelet moulds at the skilling shop at home. To make gold jewellery, use a gold bar on an oven.

Cutting gems

Grafting	Level	Item	Materials	Experience
not found	1	Opal.png	Uncut opal.png	750
not found	13	Jade.png	Uncut jade.png	1000

82	Onyxnecklace.png type unknown	6000
84	Onyxbracelet.png type unknown	6250
90	Onyxamulet (u).png type unknown	8250
89	Zenyte ring.png id or type unknown	7500
92	Zenyte necklace.png type unknown	8250
95	Zenyte bracelet.png type unknown	9000
98	Zenyte amulet (u).png type unknown	10.000

**To string an amulet, use a ball of wool on an amulet (u)*

***To craft a lucky ring, you need a lucky gem and a 'perfect gold bar'*

Jewellery can be enchanted through magic to get special stats or effects. Enchanting can be done in the normal spellbook with the enchant jewellery spells. You do not get crafting XP for enchanting jewellery.

Fastest route to 99

The fastest route to 99 is to craft d'hide bodies. I advice to train up to green d'hide bodies, then make those until you can make red d'hide bodies and so on, craft black d'hide bodies until 99. This is the fastest XP/h but is quite click intensive, as you can only make 8 bodies per inventory. Using bank pre-sets can be a very efficient way to quickly deposit and withdraw items. Cutting gems can be quite fast, but also very expensive. Regular players can buy uncut sapphires up to uncut diamonds from the skilling shop. Buying and cutting these is a fast and afk, but kind of expensive way to train crafting. This is often done by people who want to train more 'afk' as you only have to act after doing 27 actions, where you have to do something every 8 actions if you craft d'hide bodies. Crafting gold jewellery is not advised to train crafting with as it is quite slow training, despite the overall high xp drops.

Tips for prestiging

- *Use XP lamps to skip the first few lvls to go straight into high gem cutting, or d'hide bodies.*
- Always have the best skilling cape (or max/prestiger cape) equipped when skilling to profit of passive perks of these capes.
